2. **NON - REFUNDABLE REGISTRATION FEE:** Registration Fee is NOT refundable under any circumstances whatsoever.

3. **NON - REFUNDABLE SHORT TERM COURSE FEE:** Short Term Classroom Course Fee is NOT refundable under any circumstances whatsoever.

4. **REFUNDABLE FEE FOR ANY COURSE OTHER THAN SHORT TERM CLASSROOM COURSE:** Depending upon the time of the session during which an application for withdrawal is received by the appropriate branch / centre, the student/parent/guardian shall be entitled to refund under various heads, in the following manner;

Fee Structure	No. of Days			
	Before Start of Classes / Course	Within 15 Days	Within 30 Days	After 30 Days
Registration Fee	No Refund	No Refund	No Refund	No Refund
Admission Fee	Full Refund	No Refund	No Refund	No Refund
Tuition Fee	Full Refund	Full Refund	75% of paid amount to be refunded	Pro-Rata Basis: Calculated as per number of days of services availed / from Batch Start Date to submission of Refund application Date
Technology Fee	Full Refund	Full Refund		No Refund
Examination Fee	Full Refund	Full Refund		No Refund
PDC (If any)	All PDCs to be returned			

5. **For the Purpose of Calculation of Refund;**

a. The date of commencement of the batch shall be considered and not the date of joining of any student in the institute.

b. The date of batch commencement at the branch / centre and submission of application for withdrawal and refund shall be considered for the purpose of calculation and refund, instead of date of student joining and date of last class attended by the student.

c. The refund of tuition fee shall be calculated based on the amount of fee installment mentioned in prospectus regardless of scholarship granted to any student / availed by any student.

d. Where a student has availed the benefit of additional scholarship against lump sum payment and leaves the institute after few months due to any reason whatsoever and applies for withdrawal of admission and refund of tuition fee paid, he/she shall be entitled to receive a refund after calculating the amount utilized by him/her from the date of commencement of course to the date of submission of application on pro-rata basis.

"Pro-rata calculation is done by calculating the number of days a student remained in the course i.e., from the date of commencement of batch to the date of submission of application or withdrawal of admission and refund". The Scholarship achieved / secured by the student shall not be considered for pro-rata calculation. The actual Course Fee set out in the prospectus shall be taken into consideration for pro-rata calculation and NOT the concessional course fee paid by the Scholarship student or his/her parent.

Illustration: Where a course commences on 4th July, 2019 but a student attends the first class on 16th July, 2019 and continues to attend classes till 14th November, 2019 but he/she has submitted an application for withdrawal of admission and refund on 13th December, 2019, then the number of days to be considered for refund calculation shall be from 4th July, 2019 and not 16th July till 13th December, 2019 and not 14th November, 2019. The number of classes attended by such student shall have no bearing on the pro rata calculation. The number of days thus calculated is then multiplied by fee for one day, which in turn is calculated by dividing the course tuition fee (without any scholarship concession) by no. of days from the starting of course to the ending date of course as per prospectus of the appropriate branch / centre.

6. **Mode of Payment of Refund:** All refunds shall be paid through cheques or online transfer in the name and to the account of the student/parent/guardian ONLY within reasonable time from the date of receipt of an application for withdrawal of admission by the appropriate branch / centre. Institute shall not be held responsible and/or accountable for Crediting refund money to wrong account due to incorrect details furnished by the student/parent/guardian.
