

An impressive 650 students from Aakash BYJU'S qualify the Indian Olympiad Qualifier in Mathematics (IOQM) Exam 2023; Now Eligible for RMO

- *This year's results see a significant increase in the percentage of students from Aakash BYJU'S clearing the exam*
- *The qualified students will now compete in the stage 2 of the Olympiad, Regional Mathematical Olympiad (RMO)*

New Delhi, October 05, 2023: An impressive 650 students from Aakash BYJU'S, the national leader in test preparatory services, have cleared the prestigious Indian Olympiad Qualifier in Mathematics (IOQM) 2023 Exam. The IOQM exam constitutes the first stage of selection of the 2023-2024 cycle of the International Mathematical Olympiad (IMO) leading to participation in IMO 2024. IOQM is conducted by the Mathematics Teachers Association of India MTA (I) and further stages are conducted by Homi Bhabha Centre for Science Education (Tata Institute of Fundamental Research) – HBCSE (TIFR).

11 students of Aakash BYJU'S from Class 8th, 71 from class 9th, 240 from class 10th, 209 from class 11th and 119 from class 12th have cleared the IOQM 2023.

The qualified students from the first stage (IOQM) will now compete in the second stage - Regional Mathematical Olympiad (RMO) to be held on October 29, 2023. The students who qualify RMO will be eligible to appear in the third stage - Indian National Mathematical Olympiad (INMO) which is scheduled to be held on January 21, 2024.

Congratulating the students on the impressive results, **Mr Anup Kumar Agarrwal, Chief Business Officer (CBO), Aakash BYJU'S** said: *"Congratulations to all our students who have cleared the IOQM exam 2023. It is testament to the consistent efforts of these students, the dedication of our faculties and the quality pedagogy imparted by Aakash BYJU'S. Many thanks to the parents for trusting us and extending their support. We wish the students all the best for the next round."*

The International Mathematical Olympiad program is aimed at bringing secondary and higher secondary students with exceptional mathematical ability and passion for the subject from across the world together in a friendly competition of the highest level. India has been participating in International Mathematical Olympiad (IMO) since 1989 and Indian students have won a large number of medals over the years. After INMO, the students undergo some theoretical and problem-solving sessions and only 35-40 students from all over India compete against each other to qualify for International Mathematical Olympiad Training Camp (IMOTC). 5-6 selected students from IMOTC are chosen to represent India at international level in IMO and are given training in Pre-Departure Camp (PDC). During the camp, orientation is provided to students for IMO and emphasis is laid on developing conceptual foundations and problem-solving skills.

Aakash BYJU'S aims to help students in their quest to achieve academic success. It has a centralized in-house process for curriculum and content development and faculty training and monitoring, led by its National Academic Team. Over the years, students from Aakash BYJU'S have proven selection track record in various Medical & Engineering Entrance Exams, Scholarship Exams and Olympiads.

About Aakash Educational Services Limited (AESL)

Aakash Educational Services Limited (AESL) is India's leading test preparatory company that specializes in providing comprehensive and effective preparation services for students preparing for high stakes Medical (NEET) and Engineering entrance examinations (JEE), School/Board exams and competitive exams such as NTSE and Olympiads.

AESL has a pan India network of over 315 centres with over 400,000+ currently enrolled students and has established an unassailable market position and brand value over the last 35 years. It is committed to providing the highest quality test preparation services to unlock students' true potential and achieve success in their academic endeavours.

AESL takes a student-centric approach to test preparation, recognizing that every student is unique and has individual needs. It has a team of highly qualified and experienced instructors who are passionate about helping students achieve their dreams. The company's programmes are designed to be flexible and its teaching methodologies are backed by the latest technologies to ensure that students are well-prepared for their exams.

AESL is a subsidiary of Think and Learn Pvt Ltd.
