

Aakash Educational Services Limited (AESL) launches its VSAT center in Najafgarh area of Delhi; To provide real-time classes through satellite technology to students in distant areas

- *Upto 200 students in Najafgarh can attend the Live streamed class which is equipped with audio-visual equipment and will be able to interact with the Faculty@Aakash based in Delhi live on screen*
- *The center will provide the best test preparation for students irrespective of their geographical location and financial background*

New Delhi, February 22, 2021: Heralding a revolution in the digital learning sector, Aakash Educational Services Limited (AESL), the national leader in test preparatory services, has launched a one-of-its kind Virtual Classroom center in Najafgarh, an area on the outskirts of Delhi. Classes will be delivered through New Age Satellite Technology to students who wish to become Doctors and IITians. The center has four classrooms, is equipped with state-of-the-art audio video equipment and can accommodate upto 200 students at a time.

AESL plans to opens more such centres across India in the coming months in remote and distant areas where students who wish to clear competitive examinations have no access to proper coaching.

In far off places, students have to face lot of hinderances to pursue their education due to multiple reasons like Internet connectivity issues, lack of proper coaching centres and commuting issues. Hence, they sometimes have no choice but to leave their home and stay in hostels in other cities to get coaching.

Not anymore! Now, with the video satellite technology, a student even in a remote area can simply visit the Aakash VSAT center nearby and attend the live streaming class while also interact with the faculty sitting in Delhi in real time. Just like they would in a regular classroom.

The AESL faculty uses smart assessment system, audio-video facilities, smart attendance system etc. to see, hear and talk to the students. The classes are delivered through a unique AV setup using high-definition projection system and high resolution reverse feed camera.

The new system aims to impart an integrated learning where no one is left behind.

Commenting on the development, Mr. Aakash Chaudhry, Managing Director, Aakash Educational SL, said *“AESL is known for innovative applications and products that have revolutionized the way information technology is used to deliver new age learning to next generation learners. We’re glad to start a new VSAT center in Najafgarh. I’m sure that this will provide easy access to the students from nearby which in turn will help them to focus on their goals and achieve their dreams.”*

PRESS RELEASE

With VSAT, students from small towns will no longer need to shift to a bigger city for their preparation. They will get tutelage of the most experienced faculties of Delhi. Plus it takes away the worries of parents about their child's health, safety and security.
