

AakashBYJU'S Faculty Ensure Jodhpur Boy Grabs a Seat at IIT Bombay by Sponsoring His Studies

- Sunil, son of a truck driver is pursuing B.Tech in Electrical Engineering at IIT Bombay
- His faculty from AakashBYJU'S came forward to help him get admission in IITB
- He secured an impressive 6408 at the Common Rank List (CRL) in JEE Advanced 2019 and 1702 (CRL) in JEE Advanced 2020

Jodhpur, June XX, 2022: When Sunil Bichar, a small town boy from Jodhpur, was about to give up his hopes of joining the pantheon of IITians, as he had no resources for his second attempt at his plus two and JEE exams, his teachers at AakashBYJU'S, lent a helping hand. With their motivation, coaching, and financial support, Sunil scored high and is now pursuing B.Tech (Electrical) at IIT-Bombay.

For Sunil Bichar, a resident of Dangiyawas village in Jodhpur, admission into an IIT was so near yet so far. He had secured an impressive 6408 at the Common Rank List (CRL) in JEE Advanced 2019, considering that he was a Hindi medium student at a rural school till 10th grade. However, his score in 12th standard was slightly lower than the required 75%, and hence, he could not get a seat in an IIT.

A son of a truck driver, Sunil could hardly afford the money - and time, he would need to reappear for the higher secondary examination, and for IIT JEE. He was more or less convinced that he had to accept the reality of doing any other college degree, and get into a job at the earliest to support his poor family.

However, the faculty members at AakashBYJU'S, where Sunil joined after scoring well in Aakash National Talent Hunt Exam (ANTHE) scholarship exam in 2017, were not prepared to leave things at that. After all, with their support, Sunil proved his mettle and had already qualified in JEE Advanced in 2019, despite being a Hindi medium student till 10th grade.

His teachers sat with Sunil and his family and inspired them to realise the future prospect. In addition, they chipped in money, and mobilised enough resources for Sunil to pay the fee, and bear the expenses for his accommodation and food for his second attempt at 12th standard board exam, and IIT JEE.

Sunil did not fail to fulfil everyone's expectations. He secured 86.80% in 12th Board of Secondary Education Rajasthan, and also a 1702 (CRL) in JEE Advanced 2020. He is currently pursuing B.Tech (Electrical) at IIT-Bombay.

Commenting about the fortunate turn of events for Sunil, **Mr. Aakash Chaudhry, Managing Director, AakashBYJU'S**, said, *"Once a student joins AakashBYJU'S, he or she becomes a part of our family. Our staff are always prepared to go out of their way to help all deserving students to realise their aspirations of higher education. That's what makes a big difference to the lives of people like Sunil. I am sure it is the hard work and determination of Sunil that helped him crack the JEE exam, and we are happy that we could play a part in his achievements. Success of students like Sunil serves as an inspiration for many other students who did schooling in a regional language, and are striving to crack IIT JEE."*

About AakashBYJU'S
