Vapi, Gujarat, April 18, 2022: Aakash+BYJU'S, India's leader in test preparatory services, has introduced PrimeClass, a new age satellite-based technology school integrated program designed to provide higher-order subject matter exposure to students. The sessions will be conducted by national level faculty using new age satellite mode. The program aims to impart an integrated learning honing boards and competition preparation for JEE & NEET. The program will be delivered using state-of-the-art, two-way interactive VSAT technology offering the added advantage of review and revision.

The programme commences from Saraswat International Academy at Vapi today and another centre is scheduled to open shortly at Sanskar Vidya Sankul at Palsana.

Highly qualified and experienced Aakash BYJU'S faculty will use state-of-the-art satellite technology, providing a physical classroom experience to students of Class 9 & 10 preparing for Olympiad, NTSE, Other board exams. Class 11 & 12 students preparing for board, JEE (main & advanced) & NEET.

The course will also offer motivational and infotainment sessions, smart assessment systems providing holistic learning solutions for students to better their preparation skills. Furthermore, state of the art technology will ensure uninterrupted learning experience with no dependence on internet with seamless transmission of high-quality data. Students will enjoy both peer to peer learning accompanied with online testing. To value add, school faculties will also participate as coordinators to enhance subject matter expertise. Extensive curriculum is created focusing on GUJCET syllabus and high-quality study material will be provided keeping in sync syllabus of Class XI while covering subjects like Physics, Chemistry and Mathematics

Some advantages of the new initiative are:

- State of the art Technology to ensure un-interrupted learning
