

MEDICAL

NEET • AIIMS • JIPMER

Message

A lot has changed at Aakash during the transition from a humble coaching institute started in 1988 to becoming a recognized name in the education field. We live by the notion that the very essence of success is a strong value system. We still believe in the age-old Indian concept of "Guru-shishya" relationship where Guru shares his knowledge reserves with his pupils and the Shishya strives hard to quench his knowledge thirst.

It has been our endeavour to make Aakash much more than a coaching institute, which is to build it into an institution of reputation and purpose. We consider our students the torch bearers of the future of the country and thus we aim to enlighten the future of the nation through this young generation. We dream of a progressing India through the eyes of the students and assist them in accomplishing their dreams with the collective efforts of our faculty & staff members, our students & their parents.

For 30 years, we have been aiming to nurture students and help them in their endeavour to qualify in various Engineering and Medical entrance exams in the country. This endeavour is actually a journey, which we take along with our students. We wish to feel their emotions, their frustrations, their dreams, their vision, their struggles and their joys. We remain testimonial to this experience, which they would remember as one of the most cherished achievements in their lives after qualifying in the coveted competitive exams.

Even today we aim at clearing doubts and strengthening fundamentals of students in their subjects, because we believe these cleared doubts and strengthened fundamentals will eventually strengthen the destiny of our nation, which actually lies in these hands that are holding the "mighty" pen & learning technologies and with Aakash we believe their future is in safe and progressive hands.

Mr. J.C. Chaudhry

Chairman cum Managing Director (CMD)

Vision

Our aim is to become one of the most admired brands in education sector and help the young aspirants to make their dreams come true through quality teaching, technology enabled systems and commitment.

Mission

Our mission is to create an environment of academic excellence enabled by modern pedagogy & technology to impart quality education.

Values

SHAPE-IT

Hard Work
Accountability
Passion
Employee Care
Integrity
Team Work

NEET (National Eligibility cum Entrance Test)

The National Eligibility cum Entrance Test (NEET) was being conducted by the Central Board of Secondary Education (CBSE) till 2018. From 2019 NEET (UG) will be conducted by the National Testing Agency (NTA). NEET (UG) is applicable for admission to MBBS/BDS Courses in India in Medical/Dental Colleges run with the approval of Medical Council of India/Dental Council of India under the Union Ministry of Health and Family Welfare, Government of India except for the institutions established through an Act of Parliament i.e. AIIMS and JIPMER Puducherry.

The responsibility of the NTA will be limited to the conduct of the entrance examination, declaration of result and providing All India Rank to the Directorate General Health Services (DGHS), New Delhi, Government of India for the conduct of counselling for 15% all India quota seats and for supplying the result to state/other counselling authorities.

Candidates seeking admission in AFMC for MBBS Course will register online through NEET and they will also have to register at www.afmc.nic.in. The links of the AFMC websites for registration & online application will be activated after allotment of roll numbers to the candidates appearing in NEET.

May
- Colleges that accept JEE score / JEE participating colleges
Top government and private dental and medical colleges in India except AIIMS and JIPMER

The Smart Way to Prepare for Medical Exams

Aakash Digital students get access to Aakash Institute's qualified faculty, high-quality pedagogy and modular assessment tools, which support the aspirant to progress towards their goals. With Aakash Digital, many parents who would have sent their children far from home due to lack of a good coaching institute in their neighborhood or town, have found a better solution. They now have a trusted, affordable and reputable test preparation partner, which delivers high-quality, technologically advanced solutions for competitive exams such as NEET, AIIMS and JIPMER.

Live Online Classes

Recorded Video Lectures

Assessment Tests and Modular Analysis

Doubt Clarification

Study Material

How Aakash Digital Compares with Local Coaching Centers

	Local Coaching Centers	Aakash Digital
Quality of teaching	Local coaching teachers are limited by their exposure, and can't give the much-needed guidance for the student's growth.	Aakash faculty is highly qualified and experienced in teaching thousands of students every year. Our teachers mentor and guide the students through their test prep journey.
Academic content	Content is from generic text-books.	The study material in Aakash Digital is exactly the same as what Aakash classroom students learn from.
Class schedule	Classes are generally held at specific times, and doubts are not cleared effectively during class time.	With recorded lectures and live classes, now students can learn, anytime, anywhere, and get their doubts resolved at any point in their learning journey.
Course fee	Along with the tuition fee, the parent has to spend on transportation, the safety of the student and new books/material for the student.	With the Aakash Digital Test Prep solution, there is no need to travel. Learning material is digitally given, along with printed books (optional) and recorded video lectures, which are part of the one-time-cost. This means big savings and no hidden charges.
Exam pattern	Not advancing with the times - JEE is online. NEET is soon to be online. Local centres do not provide a digital learning experience.	Digital test preparation and mock-test formats, which are a good replica of the actual exam format.
Monitoring	No data-driven insights for parents to see child's progress.	Parents get an online dashboard to track student progress. Additionally, parents can interact with Aakash faculty through online PTMs to get feedback on their kids.
Up to date with information	Local teachers might not be updated with the latest information.	With 30 years' experience in the test preparation industry, the expert faculty from Aakash Institute is well-informed on the exam trends.

Attend Live Interactive Classes at Home, taken by qualified Aakash Faculty

Aakash Live is an interactive virtual classroom that replicates a real class through live online classes. The students can also resolve their doubts during the online class by consulting the Aakash faculty.

Advantages for Students

Live Classes:
Attend live classes taken by qualified Aakash faculty

Classes at Home:
Attend live classes at the convenience and safety of your home. Save travel time

Doubt Clarification:
Ask questions during the live class and get clarification. After class, post doubts on online forum

Replay a Missed Class:
You can access recording of any class and revise it as many times as you want

Study Material:
Get printed books prepared by qualified and experienced Aakash faculty

All India Aakash Test Series (AIATS):
Measure your performance and get yourself ranked amongst lakhs of students

Top Performer Batch:
Students will get a chance to compete amongst the best where we will select few students across India. On the basis of their scores in all online tests conducted during the course, they will be given special focus and attention to achieve their goals

Complete Syllabus Coverage:
Prepares you for both board exams and entrance tests for medical

Advantages for Parents

Regular performance monitoring through online PTM: With online access to Aakash Live PTM dashboard, parents can keep a check on their child's performance and progress.

Safety of the students: The student would attend live classes at the convenience & safety of their home.

Learning Pedagogy

- **Live Classes:** Attend live classes taken by qualified Aakash faculty
- **Tests:** Regular practice tests, assignments, full length papers and AIATS help parents regularly check students' progress
- **Online Parent Teachers Meeting:** Parents can interact with teachers and get feedback on their child's strengths and areas of improvement
