Hello friends, My name is Bhavik Bansal, I joined Aakash Institute in 2 year integrated program in 2017.

It has been a pleasure spending my two years here which has a major contribution in my success.

Faculties here have catered to my request on medical entrance related topics along with KVPY and Olympiads.

They stressed on the importance of NCERTs.

Throughout my prep, they stressed on concepts and their deep application rather than memorisation. AIATS and other tests have helped in instilling confidence and made us aware of current pattern and competition.

The credit of my success goes to my parents and to faculties at Aakash who have acted as my family for these two years.
