Hello friends, my name is Chirag Falor. I am studying in Aakash from 2016 and was enrolled for two year classroom integrated course for JEE Mains and Advanced. I secured percentile in January Attempt of JEE Main. I credit my success to faculties at Aakash who have always helped me, solved my doubts, guided and motivated me throughout the year. With their experience, they made my concepts clear and helped me control my mistakes. The study packages are very useful and various test series helped me know my level and practice for the final exam. They have well-curated questions to improve our knowledge to a higher level. AIATS, SATS and SMTS lets us know our rank at national level and could be considered an effective rank predictor. I enjoyed my two-year journey with Aakash and definitely the credit of my success goes to my parents and faculty members at Aakash.
