<p> Hello friends, my name is Sooraj Arinivasan. I joined Aakash in 2018 for two year classroom integrated course for JEE Mains and Advanced. I am really thankful to my teachers who have always guided me in the right direction and helped me secure percentile in January attempt of JEE Mains. Faculty at Aakash are well qualified and highly experienced. Personalised attention is given to every student in classroom. They deliver content in an interactive way. The study package provided to us is good and sufficient. Success Magnet has quality questions for JEE Advanced. I also like the testing pattern of Aakash. We have fortnightly tests and Term Exams. All India Aakash Test Series (AIATS) provides us the opportunity to check our knowledge at national level. Regular doubt sessions are held in which all our doubts are cleared. I enjoyed my two year with Aakash and credit my success to my parents and to the faculty members at AAKASH. </p>
